Adelphoi Education at Indiana

Adelphoi Education at Indiana is a licensed Private Academic School for grades 6-12, providing a structured, therapeutic environment tailored to students from surrounding public school districts. Our school supports students facing behavioral and emotional challenges that impact their academic success, offering specialized services for those requiring emotional support or coping with trauma. Through our targeted programs, including behavior support, credit recovery, and dropout prevention, students gain the tools and resilience they need to thrive both academically and personally. Referrals are made directly from each student's home school district.

Behavior Support Program (Grades 7-12)

The Behavior Support Program is a placement to assist in returning students successfully to their home school. This program provides behavior counseling, social skills, and academic instruction in grades 6-12.

Day Education Program (Grades 7-12)

The Day Education Program at Adelphoi Education at Indiana offers a therapeutic setting for those students charged with truancy, incorrigibility, or disruptive behavior in a traditional school environment, such as a public school. Day Education students also participate in Adelphoi Education programs located within the same building. Transition services are provided to all Day Education students upon successful discharge by the certified school counselor.

YES Dropout Prevention Program (Grades 9-12)

The Your Educational Success program, or YES program, assists students to recover credits in order to graduate with their cohort class. Districts using the YES program have seen a decrease in the number of reported drop outs and an increase in the number of students graduating with their cohort class.

Employablity Skills

Adelphoi Education at Indiana works with students to provide career training, including teaching employability skills through our Personal and Social Development Class and OVR (Office of Vocational Rehabilitation) Summer Work Program for students .

Criteria for Enrollment

Intake criteria are developed in collaboration with the referring school district. Students referred exhibit difficulties in the public school setting due to a variety of reasons, including but not limited to emotional support needs, disruptive behavior, and truancy concerns. Upon referral, an intake meeting will be held with the student, their family, and any support services in place for the student. A decision will be made regarding enrollment at the conclusion of the meeting and communicated with the home district and family if the student is a good fit for the program. Student success relies heavily on a collaborative effort of the team, including family cooperation and input.
